HONEY-B - 7

GO QUICK . . . GO EASY . . . under trees . . . over grass . . . up and down the beach . . . in and out of camp sites . . . driveways . . . rest stops . . . wherever a small light-weight refuse packer is needed!

FLOTATION TIRES are kind to the turf . . . sail smoothly over sand, and if it's really rough team-up with FOUR WHEEL DRIVE.

ALL HYDRAULIC . . . automatic cycling plus fully powered BARREL LIFT make easy work for one man operation . . . much more efficient, and just as economical as a utility truck.

Full 7-yard packing, plus hopper area . . . it packs a bundle!

Like it Larger? We have 10 and 13 yard units.
